10 CENTS PER WEEK.

VERDICT FOR \$18,000

Big Damage Suit Decided in Circuit Court This Morning.

This Amount Awarded the Administrator of a Boy Killed by Cars in Mechanicsburg.

CASE HAD BEEN ON FOR SEVERAL DAYS

The Trontman, administrator of Harry Watson, suit against the I. C. railroad for \$30,000 damages, was given to the jury late in the forenoon today.

The evidence in the case was finished yesterday afternoon late and the attorneys then took the argument. The last speech was made this morning just before 12 o'clock, and the jury took the case just at noon. It has been a hard fought case.

Watson was killed in the Sowell mill yards several months ago while standing near a pile of staves. A car struck the staves, after it had been derailed, and knocked them down on the unfortunate boy, killing him instantly. The coroner's inquest resulted in a verdict to the effect that the boy had met death in the above mentioned manner, and that the death was due to the gross negligence and carelessness of the engineer in charge of the engine, who was charged with having been running too fast.

About 2:30 o'clock this afternoon the jury brought in a verdict for \$18,000, which is one of the largest ever rendered in this court. Attorney L. K. Taylor was attorney for the plaintiff and made a splendid fight, as shown by the result.

The cases of N. Gunther and others against M. Rosenblatt and others; J. I. Peller against James Pryor and others; Jennie Downs against Pace, administrator; R. M. Myles against Western Union Telegraph Co. and Morgan Bowerman against the Paducah Railway and Light Co., were by agreement continued.

At press time the case of Electra Griffin against the Louisville Press Association, suit for \$15,000 damages, had been called.

F. G. Randolph has been appointed the administrator of the estate of Mary A. Bishop.

EXCITING TIME

Quite a Sensation Reported From Smithland Today.

Negro Girl Assaulted a White Girl and Almost Caused Bloodshed

Reports from Smithland today indicate that there was a lively time there last night. Yesterday afternoon, it appears, a big negro girl named Turley assaulted a small white girl, the daughter of John Want, a well known citizen. She scratched the little miss' face and tore her lip, and when arrested a white man went the negro's bond, knowing nothing of the facts.

Coming from the court house, the girl was with two negro men, and John Want, father of the little girl, gave the negroes a good slapping, and the men attempted to interfere, when several guns were drawn and poked into their faces. Trouble was averted, and afterwards things got so hot that the bondsmen gave the girl up, and later on everybody quieted down and the trouble ended.

Captain Henry Bailey Returned From Indianapolis Empty Handed.

Governor Durbin Would Not Give Up Charles St. Clair, Who is a Power There.

A HOT ROAST FOR LOCAL OFFICERS

Captain Henry Bailey of the night police force returned this morning early from Indianapolis, where he went last Saturday night after Charles St. Clair, the man arrested here during the carnival for setting up a game on Broadway near Fourth.

Captain Bailey had an eventful trip, and after going to Frankfort and procuring a requisition for St. Clair proceeded to Indianapolis.

When he made himself known, the chief of detectives was very courteous, but informed him that in his opinion, there was no chance of getting St. Clair, who had been arrested and released on bond. He said that St. Clair was worth about \$100,000, and was backed by every gambler in the city. He was a power and had a pull.

"You might as well have come here to get Gov. Taylor," he said.

Captain Bailey was introduced to St. Clair's lawyer, and the latter said that he would like to compromise the case. Captain Bailey telegraphed to County Attorney Eugene Graves and received a reply that if St. Clair would pay \$500 and expenses the matter would be dropped, or words to that effect. After a consultation with St. Clair the attorney notified Captain Bailey that they wouldn't pay a cent, but would fight the case. Commonwealth's Attorney Bradshaw afterwards telegraphed not to compromise at all, but to employ a lawyer if necessary.

The requisition was presented, but Gov. Durbin was at West Baden, and no action was taken until he returned the following day. He then consented to hear the case. Captain Bailey had the papers and presented them, but a crippled man named Gardner who was here with St. Clair testified that they paid \$35 for the privilege of running the game, \$10 being for police protection. Captain Bailey denounced this as a lie, but was told by the governor that his statement would be heard later.

It seems that the telegram of the county attorney also figured in the case. A speech was made by one of the Indiana attorneys in which the Kentucky authorities were skinned numerously, and referred to as "body snatchers."

The governor concluded that an effort was being made only to get St. Clair here and skin him for the benefit of a few officials, and he refused to honor the requisition.

The whole thing had a tinge of the ludicrous about it to Captain Bailey, who was only sent there after St. Clair, and had no further interest in the matter.

When he started home some of St. Clair's crooked partners frankly informed him that even if the prisoner had been turned over to him he would never have been allowed to leave Indianapolis with him.

RETURNED FROM LEXINGTON.

Sheriff Lee Potter this morning returned from Lexington where he took the several colored boys to the reform school. Mr. Eugene Graves, who accompanied him, stopped off at Louisville and will attend the big Elk reunion.

WILL BE SOMETHING DOING

Trouble Feared Over Reported Favors to Prisoners.

No Report Has Yet Been Made to the Mayor, However.

There is trouble brewing at the city hall, if indications count for anything. It seems that the chain gang overseer, according to the claim of Lockup Keeper Monico, has been allowing some of the prisoners to go home Saturday night and remain over Sunday. In this way the lockup keeper is knocked out of a day's compensation for feeding them. In addition to running the risk of losing the prisoners entirely if they take a notion to escape.

Marshal Crow said in regard to the matter that he did not know what will be done, but no such authority was invested in the chain gang boss, and the matter would be investigated.

Mayor Yelzer stated that nothing whatever had been said to him, and that it was the first he had heard of it. It is alleged that four prisoners were allowed to spend Sunday at home, and that Frank Elch had been allowed to spend the night at home for some time.

CONVENED EARLY.

THE PHILIPPINES WILL BE DISCUSSED BY THE SENATE TODAY.

Washington, D. C., May 29.—The senate convened at 11 o'clock this morning in order that additional time might be afforded for the discussion of the Philippine bill.

A joint resolution was reported and passed authorizing the secretary of war to deliver to the governor of New Jersey such condemned bronze cannon, not exceeding 15,000 pounds in weight, as might be necessary for the construction of the equestrian statue of the late Major General William J. Sewell.

INFERNAL MACHINE.

London, May 29.—A dispatch to the Central News from St. Petersburg, dated Tuesday, May 27, says:

"Secret service officers arrested a young woman at Tsarkoe-Selo, the summer residence of the czar, yesterday, carrying an infernal machine concealed in a handkerchief. The identity of the woman has not yet been established."

KANSAS IS FOR ROOSEVELT

Kansas Gives the President an Enthusiastic Indorsement.

The Ticket Nominated by Republicans is a Good One.

Wichita, Kan., May 29.—The Republican state convention last night nominated the following ticket:

Governor—Ex-Congressman W. J. Bailey of Baileyville. Lieutenant governor—D. J. Hanna, Hill City. Secretary of state—Joseph H. Barrow, Smith Center. Auditor—Seth G. Wells, Erie. Supreme justices, six year term—H. S. Mason, Garden City; J. C. Pollock, Arkansas City; A. T. Greene, Newton.

Supreme justice, four year term—A. B. Ellis, Beloit.

Supreme justice, two year term—F. W. Cunningham, Emporia.

Congressman-at-large—C. S. Scott, Leola.

The feature of the convention was the strong Roosevelt sentiment.

The friends of Mr. Bailey controlled the convention from the start and began by electing as temporary chairman Geo. F. Cole.

Congressman Long, one of the leaders of the fight in the house for the Cuban reciprocity bill, made a speech in which he said:

"The Cuban reciprocity bill has passed the house and it will pass the senate or there will be an extra session of congress. If there is an extra session my friends in the fifth district must prepare to take care of my campaign, for we will stay here until it has passed, and President Roosevelt, our leader now and our leader in 1904"—he got no further. The convention cheered and cheered again. Long stood still while the delegates shouted, "Your hearts are right," he said finally.

"I told President Roosevelt when I left Washington that Kansas was with him all the time and I think he will know it as we do now. Roosevelt is right now, and he always was right. He is right because God made him so."

Senator Hurton, who until recently opposed the President's reciprocity policy, told the convention that reciprocity was right and necessary, but no home industry should be injured. A bill is now being formulated at an antislavery for the house bill, which substitutes would be satisfactory to all interests, he said.

WANTS IT SEATED

Supt. Hatfield, of the Public Schools, Has a Good Plan.

Will Ask the Board to Place Seats in the High School Auditorium Next Session.

WILL FACILITATE LIBRARY PROJECT

Supt. C. B. Hatfield of the local public schools is preparing to request the board to seat the big High school auditorium next year, and will probably ask that some of the money appropriated for improvements be used for this.

The teachers have been unable to successfully give entertainments for the exhibition of the class work this year on account of this one thing, and every effort has been put forth to secure the seating of the room. If this is done, then Supt. Hatfield will inaugurate a course of lectures and musical entertainments next year for the benefit of the school libraries, and thinks, judging from the success of previous entertainments, that the schools will be able to clear in the year enough to place complete libraries in all the rooms.

The liquid air and the Willis impersonation entertainments this year were very successful and there is no doubt but that all others will be, if properly selected. Supt. Hatfield already has over twenty pieces of literature advertising musical clubs, impersonations, lecturers and other classes of entertainments, and will make a selection and list of those to be selected so that no delay will be occasioned and the entertainments can be placed on at the beginning of the year. All literature so far received is from the Central Lyceum bureau.

INDICTMENT GOOD.

COURT OF APPEALS ORDERS A NEW TRIAL IN EMBEZZLEMENT CASE.

Frankfort, Ky., May 29.—The court of appeals, in an opinion by Judge Burnham, the whole court sitting, this morning reversed the judgment in the Warren circuit court in the case of the commonwealth against Luther Porter, who was indicted for embezzling \$10,000 as cashier of the Warren Deposit bank at Bowling Green. The lower court sustained a demurrer to the indictment, but the court of appeals, in reversing, orders a new trial, holds the indictment good, and directs proceedings under Section 1,302, Kentucky statutes relating to embezzlement.

EMERGENCY FUND

GOV. DURBIN WILL NOT CONSENT TO USE IT, FROM INDICATIONS.

Indianapolis, Ind., May 29.—It is safe to say on representations made at the governor's office this morning that Gov. Durbin will not consent to use the emergency fund of \$50,000 in the smallpox situation unless extraordinary pressure is brought to bear on him by the state board of health. The governor has arranged a meeting with the board for today, and at its conclusion something definite will be given out.

CONGRESSMAN WHEELER'S TELEGRAM

Postmaster F. M. Fisher this afternoon received a telegram from Congressman Charles K. Wheeler stating that the plans for the \$90,000 addition to the government building here have been completed and approved, and that it will be a most beautiful structure when completed.

The message also stated that work will begin within sixty days, without fail, which is much sooner than was expected.

The work will require several months, as the building is to be of stone, similar to the present building, and will require considerable time.

The bill carrying the improvement was passed a short time ago, and day before yesterday received the president's signature.

TENNESSEE DEMOCRATS

The State Convention Held at Nashville Today.

Hon. James B. Frazier of Chattanooga Was Nominated for the Governorship.

Nashville, Tenn., May 29.—The Democratic state convention to nominate candidates for governor and railroad commissioner for the Middle district of Tennessee was held here today, the delegates assembling in the capitol at noon and being called to order by Chairman Fitzpatrick of the state committee. After the appointment of permanent officers and the usual committees the convention proceeded to its work, which was characterized by the utmost harmony, there being no contests for the two nominations to be made. Hon. James B. Frazier of Chattanooga received the gubernatorial nomination, and Hon. J. N. McKenzie was named for railroad commissioner.

The judicial state convention assembled tomorrow, and the same delegates for the most part will serve in both conventions. The convention will nominate five candidates for judge of the supreme court and three candidates for judge of the court of chancery appeals. The ticket, so far as the supreme bench is concerned, is settled. Justices W. K. McAllister, J. S. Wilkes and W. D. Beard will be renominated, Messrs. J. K. Shields and E. M. Neil completing the list. Judge F. M. Wilson and R. M. Barton have no opposition for reelection to the court of chancery appeals, and thus the only contest is for the place of the remaining member of the court. This position is sought by Judge John M. Taylor of Lexington and Hon. E. S. Mallory of Jackson.

SPANISH CABINET CRISIS.

CANALEJAS RESIGNS AND IS FOLLOWED BY THE ENTIRE MINISTRY.

Madrid, May 29.—A crisis in the cabinet has occurred. At the meeting of the cabinet today Senor Canalejas, the minister of agriculture, insisted upon the necessity of convening the chamber immediately to discuss the religious question. The other ministers opposed this proposal and Senor Canalejas resigned. After this action the remainder of the cabinet placed their portfolios at the disposal of Senor Sagasta, the premier, to enable him to solve the difficulty.

URNS ORATOR.

ADMIRAL SCHLEY TO SPEAK AT BANGOR, ME.

Bangor, Me., May 29.—Admiral Schley is in Bangor to deliver the Memorial Day address tomorrow. Veterans and their friends are here from near and far, and the crowd promises to be one of the largest in the history of the city. As the largest hall in the city can accommodate but 3,500 persons, it is proposed, should the weather be fair, to hold the exercises in Centre Park.

IT WAS LIVELY

Two Men Well Known Here Had a Bloody Mix up.

Mr Peter Arlund Says Mr Tom Leonard Must Sell or Buy out, Certain

The Louisville papers give elaborate accounts of a fight, or rather two fights, in the Equitable building between Peter Arlund, who "promoted" the iron furnace here a little over a year ago, and Tom B. Leonard, formerly assistant superintendent of the street car company here. It seems they are both officers in the "Southern Financial and Investment Company," and Mr. Leonard claims that Mr. Arlund came in the office drinking, as he often did, and made such offensive remarks that he finally told him he would have to desist. Arlund then threw an inkstand at Leonard and out him on the forehead, and Leonard got Arlund down and put his foot on his neck, at the same time lifting a huge splittoon with which to strike him.

Judge Gordon, who heard in his office across the hall the crashing glass and general racket resulting from the fight, rushed in in time to prevent further trouble, but both men were very bloody.

Mr. Leonard later returned, and hostilities were renewed, and Leonard chased Arlund down stairs with a chair. It seems Mr. S. N. Leonard of Eddyville is interested financially in the company, and placed there his son, Tom. Arlund says it is a case of buy or sell; that no company is now large enough to hold both him and Leonard.

THE LAST DAY.

DISTINGUISHED FRENCH VISITORS TO LEAVE NEW YORK.

New York, May 29.—General Brugere, Admiral Fornlere and their fellow members of the French commission began the last day of their visit in New York with a breakfast at the home of Whitelaw R. Reid this morning. As a climax there is to be a brilliant banquet at Delmonico's this evening under the auspices of the Friendly Sons of St. Patrick. Included among the speakers are Bourke Cochran, Archbishop Ireland and Judge James Fitzgerald. Tomorrow the party is to go to Newport to decorate the grave of the French admiral, De Ternay, who successfully brought French soldiers to this country in the time of the Revolution, ending the English warships which were scouring the ocean to capture his expedition.

CASE AFFIRMED

HENON GETS \$600 FROM THE ILLINOIS CENTRAL.

The suit of Henon against the Illinois Central has been affirmed in the court of appeals. It was tried in Livingston county. The plaintiff is father of Luther Henon, who lost an arm in an accident at Gravel Switch, and sued for \$15,000, getting a judgment for the entire amount. A new trial was granted on the ground that the verdict was for excessive damages, and at the succeeding trial another judgment was rendered for the entire amount. Another new hearing was granted, and the case comes up again shortly.

Henon's father sued for money he would have received as wages for his son's work, and got a verdict for \$600, which the court of appeals now affirms. Hendrick and Miller of the city were attorneys for Henon.

STREET ROLLER.

IT WAS USED ON BROADWAY NEAR SIXTH TODAY.

The street roller is working on Broadway, between Fifth and Sixth streets today. The street was swept broken up, harrowed and the roller put to work. There is plenty of gravel a few inches below the surface of the dirt and other mud, and the street was broken up to get to this. The roller was not put to work on this street any too soon, as it is in a very bad condition, and full of depressions and hills. A large crowd was out to watch it.

SHAH GOES VISITING

Elaborate Preparations Made in Berlin to Entertain Him.

A Large Number of State Functions to be Held in His Honor.

Berlin, May 29.—Elaborate plans have been made for the reception and entertainment of the Shah of Persia, who is expected to arrive here within a day or two. A special exhibition of arms, automobiles and electrical machinery has been prepared for his edification. He will spend one day visiting the works of an electrical company in Berlin, another in seeing the vast iron and steel works of Herr Krupp at Essen and a third in witnessing the operation of wireless telegraphy.

There will also be several state functions in his honor. While all these preparations are being made on the most elaborate scale, it is doubtless the secret hope of the state officials and especially those attached to the lord chamberlain's department, that the Persian monarch will not see fit to prolong his stay in the German capital. Of all royal visitors the Shah is perhaps the most unwelcome, not for reasons of state, but because of the fact that he and his numerous suite bring with them all of their oriental customs regarding etiquette and ways of living. Every morsel of food they eat must be prepared by their own chefs and served in their own apartments. As their table manners and ideas of cleanliness are not exactly up to the standard of western civilization in the twentieth century, it is always found necessary after their departure to entirely refurnish and redecorate the luxurious state departments set aside for their use during the visit. It is for this reason that a feeling of misgiving is always mixed with the pleasure attending the welcoming of the Shah at the various courts of Europe.

AT CEDAR BLUFF.

CONTRACTOR PAT HALLORAN REPORTS THE VILLAGE BOOMING.

Mr. Pat Halloran of the Katterjohn Construction company this morning returned to Cedar Bluff, Mr. Katterjohn's quarry works, after a short business visit to the city.

The accommodation train stops at the quarry when any one desires to get off or board the train, and the matter of making it a postoffice will be pushed as rapidly as possible.

taken from Louisville and lost on the

pounds and was done up on a mam-

handle quickly, consequently it was
lost. The Speed's first mishap occur-
ed in 1898, when she struck a snag
and went to the bottom of the river

Captain Van Collin says: "Texas
oil is making big inroads on Pittsburg
coal at New Orleans. The oil com-
panies are making great preparations
to handle this product, and many
steamships are using it, as the boats
are able to adjust appliances in fifteen
minutes. Vessels will be built to
transport oil up the Mississippi, and
large storage tanks are being con-
structed at all of the large towns along
the Mississippi river. Those using
oil assert that it shows a saving of 60
per cent over coal. All that is needed
to make oil more popular is transpor-
tation facilities from Texas."

JURY FAILED TO INDICT.

Cadiz, Ky., May 29.—The grand
jury of Trig county has adjourned
after a seven-day session. Thirty-
five indictments were returned, the
smallest number returned by any
grand jury for years. All were for
misdemeanors.

The jury failed to indict John
Thomas, who is in jail on a charge of
murder. Eight were for indicting
him under that charge and four were
for indicting him for voluntary man-
slaughter. Judge Cook made an or-
der this afternoon continuing Thomas
in the custody of the jailer until the
next meeting of the grand jury in Sep-

WITH THE THEATERS.

Tonight "Mr. Young of Utah," Charles Middleton's comedy, will receive its first production before a Paducah audience, and it is anticipated that a large crowd will witness it. The comedy, which has been extremely successful in a number of other cities, is an uproariously funny one, full of "ginger," life and movement from start to finish; it illustrates a series of mistakes, incidents and cross-purposes, which multiply themselves in each succeeding act, and the rapid mirth-producing action proceeds continuously until the very last word of the play is spoken. Lovers of fine comedy should not miss this attraction.

There was another large crowd at The Kentucky last night to witness the closing performance of "The Hunchback of Notre Dame." The audience was very appreciative and the performance was the best of the series. This evening Miss Clara Morris celebrated "Miss Moulton" will be presented for the first time, and the advance sale indicates a large and enthusiastic audience.

The couple married on the stage of The Kentucky do not know how much notoriety they have come into. The telegraphic dispatches took the news all over the country the night of the marriage, and they will have the pleasure of seeing their names in print every time they pick up a paper during the next week or two.

Manager J. E. English of The Kentucky says that the report that his company was going to close is without foundation, and was started by interested persons who had an object in it. He says his company will be playing to good business here, perhaps, when it is the only one in southwest Kentucky.

Manager English announces that cars will wait at Fifth and Broadway every night for those who desire to return from his theater on them. Heretofore the service has not been good, but arrangements have now been made and the cars will be in waiting every evening.

There will be a matinee at La Belle park theatre on Saturday afternoon, at which "Mr. Young of Utah" will be presented, and as this comedy is unusually suited for the pleasing of the children, they are expected in force. Prices for the Saturday matinee are reduced to 5 and 10 cents.

Manager English has taken all the pictures of his company to the lobby of the theater for a few days. He will distribute them around in the stores again in a few days.

Shirley Grimes, who was here as manager of the La Belle park troupe early in the season, left today for Cairo to arrange for the presentation of "The Runaway Girl."

A fair audience witnessed the representation of "Man and Master" at La Belle park theatre last night, and was extremely well pleased with the performance.

WANTS TO REMAIN.

THE CITY LIKELY TO HAVE TROUBLE SECURING POSSESSION OF ITS PROPERTY.

Several weeks ago the council ordered the city property next to the city hall vacated so that offices for the new city officials be established there and Mrs. Byrd, one of the tenants, can not go, she claims, as she is ill and unable to be up. Mrs. Byrd once before refused to vacate and the city could not force her out, as it did not need the property. The city will resort to the courts to vacate the house if necessary, as the creation of the new offices has pressed into service all the city property.

Miss Field will enact the role of Arbellia, the old maid sister of Dr. Osborne. Others are well cast and Mr. Florence will for the first time be seen in a splendid negro character, that of Samuel, and introduce his specialty.

The play will be especially interesting to ladies and children as it is a story that appeals to the hearts of all mothers and their children, and it is hoped that they will take advantage of this splendid opportunity to witness a play that has already pleased so many thousands.

Paine's Celery Compound

Will Secure for You the
Health That Other Medicines
Cannot Give.

IT STANDS FIRST AND HIGHEST
IN PUBLIC ESTIMATION.

The Use of One Bottle Convinces
the Skeptic and Unbeliever.

The tone, character, and quality of the testimonials published in favor of Paine's Celery Compound have firmly established its position in the homes of all intelligent and thoughtful people.

Paine's Celery Compound has always appealed to the sick and suffering with honest statements and solid facts. Some doubters—with honest purpose—have taken the trouble to write to, and in many cases have interviewed the writers of published testimonials. In every case they have been thoroughly satisfied, and convinced that Paine's Celery Compound effected cures that were marvelous, astonishing and happy.

Paine's Celery Compound claims a field not successfully filled by any other remedy known to medical science. It is the medicine on which the poor, disappointed sufferer can rely after all other medicines fail, when doctors give the patient up as incurable.

To the weak, debilitated, nervous, broken down, and despondent, Paine's Celery Compound gives a new and joyous existence. It strengthens the digestive powers, renews the blood, and acts in the vitalizing, creative, thorough manner that makes it the grandest help to suffering men and women that the world of medicine affords. The best test that can be applied to Paine's Celery Compound is to use it.

REPUBLICAN CONGRESSMEN

NOMINATIONS MADE TODAY IN
MICHIGAN AND WISCONSIN.

WARM FIGHT IN SIXTH MICHIGAN.

Fenton, Mich., May 29.—Congressman Samuel W. Smith has a hard fight on his hand to secure re-nomination at the Republican congressional convention of the Sixth district in session here today. Though Smith appears satisfied with the outlook, his principal opponent, Arthur J. Tuttle of Ingham county, is making a hard fight and the result is a matter of doubt. Congressman Smith is now serving his third term.

CONGRESSMAN EICH RE-NOMINATED.

Black River Falls, Wis., May 29.—Congressman John J. Eich of La Crosse was re-nominated here today at the Republican convention of the Seventh congressional district.

GOOD OUTLOOK FOR JENKINS.

Chippewa Falls, Wis., May 29.—Indications point to the re-nomination of Congressman John J. Jenkins by the Republicans of the Eleventh district in session here today.

ANOTHER REFUGE CLOSED.

Washington, May 29.—Secretary Hay today closed up one of the principal places of refuge for criminals committing crimes in the United States, when he exchanged the final ratifications with Walker Martinez, the Chilian minister here, of the new Chilian extradition treaty. The United States never has had such a treaty with Chili, and some of the most notable defaulters and embezzlers from the United States have found safety in that country. It has been difficult to secure a treaty and the negotiations which led up to the drafting of this arrangement lasted several years.

King Edward's First Speech.
The first speech ever made by King Edward was delivered when he was 10 years of age, and was visiting Newcastle with his mother. A member of the city corporation, from which body Queen Victoria was receiving an address, presented Albert Edward with a handsome paper cutter, and at a hint from the queen the prince faced the municipal wise men and delivered a speech of thanks, which was not recorded. His first "official" speech as prince of Wales was made as he was setting out, a youth of 18, on his tour in this country.

Divorce in Europe.
Divorce was established in Germany in 1875. From 1881 to 1885 the yearly number of divorces was about 8,000, while of late years it exceeds 10,000. In England divorce was established in 1857. During the years 1858-1862 the annual number was about 200; in 1894 about 550; in 1898 about 650. In Austria where only non-Catholics can apply for a divorce, the number of demands for divorce increased 25 per cent in four years, and in Belgium about 20 per cent in four years.

Too Much for the Cobra.
Recently (says an Indian paper) a large crowd, composed chiefly of Khatris, assembled at Vessarpandy to offer gifts of fruit and pour libations of milk into the hole of a sacred cobra. This is an annual ceremony, and is called "Nagala Chowty" or the snake-feeding ceremony. Such a quantity of milk was poured down that the cobra, to escape drowning, darted from its hiding place, scattering its devotees, and took refuge in a bush close at hand.

"Busy Season" for Patents.
This is the busy season with the commissioner of patents. The busy season in the patent office invariably occurs between December and April. Few would dream of a "busy season" in the matter of applications for patents and would naturally suppose that about the same number were filed one month as another, but such is not the case.

Clown as an Undertaker.
Alphonse G. Caron lived as a clown for a quarter of a century traveling with big circuses shows in this country and abroad. Now he has stepped from gay to grave with a solemn face, having opened an undertaking establishment uptown in New York. Caron's father was a clown and his mother was Zandretta, known to most of Europe as a clever dancer and travesty performer.

Russell Sage's "Bannock."
Russell Sage employs a "bannock" nowadays—a plant who stands within reach of everyone admitted to the aged millionaire's private office. The other day a man while talking to Mr. Sage reached for his hip pocket. The bannock had him in an iron grip in about a second. The man was only reaching for a handkerchief.

Three government agricultural stations have been established in Alaska, and from all come more favorable reports than were looked for. Though the temperature last winter reached 70 degrees below zero, rye planted in the fall was protected by several feet of snow, and matured perfectly.

Observations ...at Random

"You do any old thing and say any old thing," is the way in which one of the devotees of the "todele" dance describes it. This is the dance which is getting many negroes in trouble at present. Although the "todele" has been danced in a few negro resorts for the past year, it is only recently that it has been the subject of active police interference.

There is no regular step in the "todele." A crowd of negroes loaded with barrel house booze, and cocaine, will gather in a house and then, to the music of whatever instruments are available, they begin to dance, going through every conceivable contortion of the human body. As the dance and stimulants work on the blood of the negroes, the action becomes faster and faster and more frenzied. Groans and yells and the screams of the over-wrought participants particularly the women, can be heard for a block away. It continues with increasing intensity until the police interfere, or the dancers sink to the floor from exhaustion. This is the "todele" dance.

The dance is believed to have originated in the wilds of Africa and to have had its birth in savagery. Whether it springs up now as a piece of atavism or has simply been imported through channels reaching back to the source, certainly it is the expression of the primitive condition of the race having kinship with the sun and snake dances of the Indians, only that its votaries need "booze" and "oroke" in the production of the necessary frenzy.

There is at least one family in the habit of turning the cows loose to feast off the flowers and grass in somebody else's yard that has learned better. The experience is one that goes a long way towards convincing people that they should keep in their stock.

The family had been selling milk to the neighbors. The cows didn't cost much, for they were turned out every day to eat all they could find, and the milk and butter brought in a snug little sum every month.

Suddenly the cows began to fail. Their daily meals were doubled and everything possible was done to encourage them, but it was no go. They gave little or no milk. At length an explanation was found for the bovine failure when the cow owner discovered a family in the next block assiduously milking the cows one evening before time for them to come home.

It developed that the family had been appropriating the milk for some time. The owner now keeps his cows at home. Perhaps if all the cows caught running at large were taken up and milked there would not be so many of them turned loose, and the cow question would be settled.

Buckskin Bill is never without his troubles. While in Louisville Monday one of its star performers got drunk, and the following appeared in the Louisville Times:

"Alexander DePanw, who claims to be a full-blooded Indian and who is one of the attractions at the Buckskin Bill Wild West show, was in the cage of the police court this morning with a charge of plain drunk against him. Attorney Hewett asked that the case be called, merely that his client might grace the head of the parade.

"When the case came up, Patrolman Middlekamp said he had found the Indian dead drunk in a yard on Fourth street. When called to the witness stand DePanw pretended that he could not speak English.

"Judge McCann took the defense on faith and fined DePanw \$5. The money was not forthcoming, and so the parade had to proceed without DePanw."

Manager J. E. English of The Kentucky has no desire to pose as a matrimonial agent. He is willing to have a marriage on the stage of The Kentucky occasionally, but he is not willing to become a licensed agency and

speed his time seeking young ladies who are willing to get married. A number of peculiar requests have come in, among which are agreements to marry if the manager will furnish the girl. Several young men are willing to offer themselves up as a sacrifice provided the hustling manager will provide the maiden. It seems to be a mutual aid society, Manager English to get the attraction, and the young man a wife, but it is a little too much work for the manager. Hereafter those who want to marry on the stage are requested to get the consent of the party of the second part before making any overtures to the manager.

Roelfoot Lake has been decided property of the people and cannot be held as private property. This decision was rendered a day or two ago by the court of appeals of Tennessee, before which the question came in the form of an injunction preventing a man who claims to have bought the lake and doctored did buy it, from draining it. The lake is one of the most celebrated in the world, having been formed by an earthquake and is forty miles long. It is one of the most famous hunting and fishing resorts in the country, and the fishermen and hunters will hail with delight the decision which will preserve their favorite haunts to them.

Mr. Chas. Warren, the well known paint contractor, has one of the finest blooded dogs in the state, and will immediately start a kennel here. The canine is a full blooded "collie" dog, and was received from the Edmond Grevel kennel of St. Louis yesterday. Mr. Warren paid \$25 for the dog, which is only nine months old. It is a female, and within a few weeks Mr. Warren will start to breeding the animal. Mr. Finis Lack has a male dog of the same breed, and it is thought that a successful kennel can be started. The grandfather of the collie owned by Mr. Warren was sold for \$1,500, and there is not a better pedigree animal in the city.

Mr. W. A. Grigg, one of the character men, and vocalist at The Kentucky, is an author, and writes his own songs. He has written four, which he sings with great success, and which he will publish this season. Professional copies have already been sent out for some of them. Two of his productions are ballads. "At the Parting" and "Mother's Blessing." The other two are comic songs, "You'll Have to Hurry" and "Tag, You're It." Some of the songs Mr. Grigg has sung here, and always receives a band after each verse.

POLICE COURT.

A MALICIOUS ASSAULT CASE WAS DISMISSED THIS MORNING.

Judge Sanders had only two cases in police court this morning. The malicious assault case against Sam Bailey, colored, charged with having struck Henry Mitchell, colored, with a fence rail and seriously wounding him, was dismissed.

The evidence in the case showed that Bailey was walking along the street with a woman, when Mitchell began to curse the woman and struck at her. At this juncture Bailey interfered and Mitchell put his hand in his pocket as if to draw a pistol and then Bailey used the fence rail.

John Haffey, white, was fined \$1 and costs for drunkenness. He was fined that amount yesterday morning but the judgment suspended and last night was again arrested on a similar charge. The suspended judgment for \$1 and costs was enforced this morning against him.

MATE ON THE CLYDE REPORTED ONE MISSING BEFORE BOAT LEFT.

No effort has been made to recover the body of the unknown man who walked or jumped off the Clyde night before last at the wharf. The supposition now is that it was a colored rouster on the Clyde.

Yesterday morning the mate had missed none of them, but later in the day, it is reported, found that he was a rooster short, and the missing man was no doubt the one who fell overboard. His name is unknown.
